Setting Up Your Altice One Mini Box

Setting up your Altice One Mini Box is straightforward. Follow these steps to ensure a successful installation:

What You Need

Before you begin, ensure you have the following items:

- Altice One Mini Box
- Power cord
- HDMI cable
- Internet connection (preferably through the Altice One Wi-Fi)
- Remote control with batteries

Step-by-Step Setup Process

1. Connect the Mini Box to Your TV:

- Use the HDMI cable to connect the Mini Box to your television. Plug one end of the cable into the HDMI port on the Mini Box and the other end into an available HDMI port on your TV.

2. Power Up the Device:

- Plug the power cord into the Mini Box and connect it to an electrical outlet. Switch on the Mini Box using the power button.

3. Turn On Your TV:

- Use your TV remote to turn on the television. Make sure to select the correct HDMI input that corresponds to where the Mini Box is connected.

4. Connect to the Internet:

- The Mini Box will prompt you to connect to your home Wi-Fi network. Follow the on-screen instructions to select your network and enter the password.

5. Activate the Mini Box:

- Once connected to the internet, you may need to activate the Mini Box. This process usually involves entering your Altice account information. Follow the prompts to complete the activation.

6. Update the Software:

- Check for any software updates once the activation is complete. The Mini Box will automatically download and install any necessary updates.

7. Enjoy Your Content:

- After setup, you can start exploring the Altice One interface, accessing live TV, on-demand content, and streaming services.
