Overview of the Plot

And I Darken opens in the 15th century with the birth of Lada and Radu Dragwlya in the Ottoman Empire. When Lada is just a child, her father sends her and Radu to live in the Ottoman Empire as hostages, a political maneuver to ensure the loyalty of Vlad's allies.

As they grow up in a foreign land, Lada evolves into a fierce, determined young woman who yearns to reclaim her homeland of Wallachia, while Radu becomes a more sensitive and introspective character.
