What to Expect After the Assessment

After completing the Walmart assessment, candidates can expect a follow-up process that may involve interviews or additional evaluations. It's important to stay patient, as the review process can take some time.

Interviews

If you pass the assessment, the next step will typically be an interview, where you will likely be asked about your assessment performance and how it relates to your experiences. Be prepared to discuss scenarios where you demonstrated skills relevant to the role you applied for.

Feedback and Results

Candidates may receive feedback or results regarding their assessment performance. If you do not succeed initially, it is essential to view this as a learning opportunity. Analyze where you could improve and consider reapplying in the future.
