AP Euro Exam 2022 Format and Structure

The AP Euro exam 2022 was structured to evaluate students' knowledge and skills through a combination of question types that assess different historical competencies. The exam was divided into two main sections: multiple-choice and free-response. Each section contributed equally to the overall score, emphasizing both factual knowledge and analytical abilities.

Multiple-Choice Questions

The multiple-choice section consisted of 55 questions, designed to test students' ability to recall important facts, interpret historical data, and analyze primary and secondary sources. These questions often required critical thinking to select the best answer among several plausible options. The questions covered a wide range of topics from political revolutions to cultural movements, ensuring comprehensive coverage of the course content.

Free-Response Questions

The free-response section included three parts: the Document-Based Question (DBQ), the Long Essay Question (LEQ), and the Short Answer Questions (SAQs). The DBQ required students to analyze and synthesize information from provided documents to construct a coherent historical argument. The LEQ allowed students to choose among prompts to write an in-depth essay on a specific historical theme or period. The SAQs assessed short, focused responses on particular historical issues or concepts.

Time Allocation

Students were given 55 minutes for the multiple-choice section and 1 hour and 40 minutes for the free-response section. Efficient time management was essential to complete all questions thoroughly and thoughtfully within the allotted time.
