Characters are unlocked by fulfilling specific in-game conditions, often related to defeating certain bosses, completing runs under particular constraints, or triggering special events.

Initial Characters and Unlock Requirements

The game begins with Isaac as the default character. Many other characters unlock as players meet designated goals. For example, Magdalene is unlocked by having a high enough health pool, while Cain becomes available after completing a successful run with Isaac. Understanding these prerequisites helps players plan their runs effectively.

Item Unlocking Mechanics

Items become available primarily through completing tasks such as:

- Defeating bosses or minibosses
- Completing challenges or daily runs
