

black ops 3 moon guide

Black Ops 3 Moon Guide: The Moon map in Call of Duty: Black Ops 3 is one of the most iconic and challenging settings for players who enjoy the Zombies mode. It combines intricate map design, alien technology, and a host of daunting enemies. This guide will provide you with everything you need to know to survive and thrive on the Moon map, from weapons and perks to strategies for tackling the various rounds.

Understanding the Map Layout

The Moon map is complex but fascinating, featuring a unique environment that affects gameplay significantly.

Key Areas of the Map

1. Spawn Room: The starting area where players begin their journey. It's crucial to understand this area as it sets the tone for your initial strategy.
2. The Bio-Dome: A large, enclosed area that provides a safe haven but can become crowded quickly.
3. The Power Room: This area is essential for activating power and accessing critical features of the map, including perks.
4. The Excavation Site: A central hub where players can find valuable resources and defend against waves of zombies.
5. The Aether Tunnel: A teleportation system that allows for quick movement around the map, which is vital for escaping tough situations.

Map Features

- Gravity Variations: The Moon has reduced gravity, affecting movement and jump height. Use this to your advantage to evade enemies.
- Low-Gravity Zones: Certain areas allow for higher jumps, offering strategic vantage points.
- Environmental Hazards: Be aware of the explosive decompression zones that can harm you if you aren't quick on your feet.

Weapons and Loadouts

To succeed on the Moon, having the right weapons and loadouts is crucial.

Must-Have Weapons

- The RK5: A reliable pistol for early rounds. It provides decent firepower and can be upgraded.
- The KN-44: A versatile assault rifle that performs well at all ranges.
- The Ray Gun: A classic Zombies weapon that is effective for crowd control.
- The Dingo: A light machine gun that offers a high rate of fire and large magazine capacity, ideal for sustained fights.

Upgrading Weapons

Utilizing the Pack-a-Punch machine is essential for upgrading your weapons. Here is how to efficiently upgrade your loadout:

1. Locate the Pack-a-Punch machine in the map.
2. Gather points by killing zombies and completing objectives.
3. Use the machine to upgrade your weapons, enhancing damage and adding special abilities.

Perks and Their Importance

Perks play a significant role in your survival on the Moon. Knowing which perks to prioritize can mean the difference between life and death.

Essential Perks

- Juggernog: This perk increases your health, allowing you to withstand more hits from zombies.
- Speed Cola: Reduces reload times, which is crucial during intense firefights.
- Double Tap Root Beer: Increases damage output, making your weapons more effective against tougher enemies.
- Quick Revive: Essential for solo play; allows you to revive yourself if you go down.

Perk Locations

- Juggernog: Located in the Power Room.
- Speed Cola: Found in the Bio-Dome.
- Double Tap Root Beer: Located near the Excavation Site.
- Quick Revive: Available in the Spawn Room.

Strategies for Survival

Surviving the Moon map requires a combination of teamwork, strategy, and skill.

Teamwork and Communication

- Always communicate with your team. Call out when you're in trouble or need assistance.
- Designate roles within your squad (e.g., who will focus on gathering points, who will use specific weapons, etc.).

Effective Zombie Control

1. Train Zombies: Instead of killing zombies immediately, lead them in a circle to group them up. This makes it easier to eliminate them in a single burst.
2. Use the Environment: Utilize low-gravity zones and high ground to your advantage.
3. Watch Your Back: Always be aware of your surroundings. Zombies can spawn behind you, so keep an eye on all entrances.

Objective Strategies

- Activate Power Early: The sooner you activate power, the faster you can access perks and Pack-a-Punch.
- Complete the Easter Egg: The Moon map features an Easter egg quest that can provide valuable rewards, including powerful weapons and bonuses.
- Stay Mobile: Use the Aether Tunnel to quickly escape danger or reposition yourself for better combat effectiveness.

Dealing with Special Zombies

On the Moon map, players will encounter several special types of zombies that require unique strategies to defeat.

Types of Special Zombies

1. Astro-Zombies (Space Zombies): These zombies are faster and can leap at you from a distance. Maintain distance and use powerful weapons.
2. Brutus: This mini-boss can deal significant damage. Focus fire on him with your most potent weapons when he appears.
3. Samantha's Zombies: These zombies have unique spawning characteristics and can overwhelm players quickly. Use traps and explosives to manage large swarms.

Conclusion

The Black Ops 3 Moon Guide provides a comprehensive overview of what players need to excel on

this challenging map. By understanding the layout, utilizing the right weapons and perks, and employing effective strategies, you can maximize your chances of survival against the relentless zombie onslaught. Whether you're playing solo or with friends, mastering the Moon map will enhance your experience and lead to more successful runs. Prepare yourself for an exciting adventure filled with challenges and rewards as you take on one of the most iconic maps in the Call of Duty franchise. Happy gaming!

Frequently Asked Questions

What are the main objectives to complete the Moon map in Black Ops 3?

The main objectives include activating the power, building the Pack-a-Punch machine, and completing the Easter egg quest which involves several steps including obtaining the Wave Gun and activating various switches.

How do I unlock the Pack-a-Punch machine on the Moon map?

To unlock the Pack-a-Punch machine, you need to turn on the power by activating the three power switches located in different areas, and then you can access the Pack-a-Punch by using the teleporter.

What weapons are best for surviving on the Moon in Black Ops 3?

Some of the best weapons include the Wave Gun for its high damage against zombies, the Dingo for its large magazine and fire rate, and the Ray Gun for its effectiveness in tight situations.

Are there any specific strategies to handle zero gravity on the Moon map?

Yes, you should practice controlling your movement to avoid floating aimlessly. Use the environment for cover and be cautious of your surroundings, especially when jumping between areas.

What is the significance of the astronaut zombie on the Moon map?

The astronaut zombie can be a significant threat as it can disorient players and negate their perks by using a special attack. It's best to eliminate it quickly or avoid it when possible.

How can I complete the Easter egg on the Moon map in Black Ops 3?

Completing the Easter egg involves multiple steps, including collecting specific items, activating various switches, and solving puzzles. Detailed guides often break down each step needed to

successfully complete it.
