Understanding Blends in Kindergarten

Blends are combinations of two or more consonants that create a distinct sound when pronounced together. For example, in the word "blend," the "bl" sound is a blend of the letters 'b' and 'l.' Teaching children about blends is crucial as it lays the groundwork for their reading and spelling skills.

There are two main types of blends that kindergarteners should learn:

1. Initial Blends: These occur at the beginning of words. Examples include:

- bl (as in "black")
- cl (as in "clap")
- fl (as in "flag")
- sl (as in "slip")

2. Final Blends: These happen at the end of words. Examples include:

- nd (as in "hand")
- st (as in "fast")
