Origins of Chicken Scarpiello

Chicken Scarpiello is believed to have roots in Southern Italy, particularly in the regions of Campania and Calabria. The term "scarpiello" translates to "shoe" in Italian, which is thought to reference the shape of the dish or perhaps the way the dish is served. As Italian immigrants settled in America, they adapted traditional recipes to incorporate local ingredients and preferences, leading to the beloved Chicken Scarpiello we know today.

This dish typically includes chicken, sausage, and a variety of vegetables, all cooked together in a single pot. The use of vinegar is a hallmark of the recipe, providing a tangy finish that cuts through the richness of the meat. With the addition of spicy sausage and colorful bell peppers, Chicken Scarpiello has become a staple in many Italian-American households.

Now that you have all the ingredients ready, follow these steps to create a mouth-watering Chicken Scarpiello:

Step 1: Prepare the Chicken and Sausage

1. Season the chicken pieces with salt and pepper on both sides.
2. In a large, heavy-bottomed pot or Dutch oven, heat the olive oil over medium-high heat.

4. Remove the chicken from the pot and set it aside.
5. In the same pot, add the sliced sausage and cook until browned (about 4-5 minutes). Remove and set aside with the chicken.

Step 2: Sauté the Vegetables

2. Add the minced garlic and sliced jalapeño (if using), and continue to sauté for an additional 2 minutes.

Step 3: Create the Sauce

1. Pour in the chicken broth, white vinegar, and sugar. Stir to combine.
2. Add the dried oregano and thyme, and return the chicken and sausage to the pot.
3. Bring the mixture to a boil, then reduce the heat to low, cover, and simmer for about 30-35 minutes, or until the chicken is cooked through and tender.
