3. Adjusting Temperature and Time: Use the temperature and time buttons to set the desired cooking temperature and duration. The unit will beep when preheating is complete.
4. Loading Food: Place food in the appropriate cooking accessory (air fryer basket, baking pan, or wire rack) and slide it into the oven.
5. Monitoring Cooking: Keep an eye on the food as it cooks. The built-in light helps you check on the progress without opening the door.
6. Completion: Once the timer expires, the oven will beep to indicate that cooking is complete. Carefully remove the food using heat-resistant gloves.

Cooking Tips for the CT0A 130PC3

To get the most out of your Cuisinart Digital Air Fryer Toaster Oven, consider the following cooking tips:

1. **Preheating:** Always preheat the oven before adding food for even cooking results.
2. **Spacing Food:** Avoid overcrowding the cooking basket or tray to ensure proper air circulation, which is key for achieving crispy textures.
3. **Using Oil:** While air frying requires less oil, a light coating can improve crispiness and flavor. Opt for healthier oils like olive or avocado oil.
4. **Experimenting with Recipes:** Don't hesitate to try different recipes. The CTOA 130PC3 can handle a wide range of foods, from vegetables and meats to baked goods.
5. **Monitoring Cook Times:** Cooking times may vary based on the type and size of the food. Always check for doneness a few minutes before the timer goes off.
