- Venn Diagrams: To compare and contrast characters or themes.
- Story Maps: To outline the main events in a fiction passage.

Leverage technology by utilizing educational apps or platforms where students can take quizzes or participate in discussions regarding the readings. This approach can enhance engagement and provide instant feedback.

Assessment and Feedback

Assessment plays a crucial role in understanding student progress. Week 2 includes a review day, which serves as an opportunity for educators to assess comprehension and retention.

Providing Feedback

Providing timely and constructive feedback is essential for student growth. Consider the following methods for giving feedback:

- Written Comments: On comprehension question sheets, provide specific feedback on where students excelled or areas needing improvement.

Connecting to Broader Curriculum Goals

Integrating Daily Comprehension into the broader curriculum can enhance its effectiveness. Consider the following connections:
