- **Store Properly:** When not in use, store the rifle in a cool, dry place to prevent damage.

Troubleshooting Common Issues

Even the best air rifles can encounter issues from time to time. Here are some common problems and their solutions:

1. Decreased Velocity

- Cause: This may be due to a dirty barrel or worn seals.
- Solution: Clean the barrel and inspect seals for wear.

2. Inaccurate Shots

- Cause: This could be due to improper sight alignment or poor quality pellets.
- Solution: Adjust the sights and use high-quality pellets for best results.

3. Air Leaks

- Cause: Over time, O-rings can wear out, leading to air leaks.
- Solution: Inspect and replace O-rings as needed.
